BURLINGTON AUTO SHOW.

Has About 25 Cars on Exhibition This Week.

Burlington, March 28.—The Victory automobile show, under the auspices of the Burlington Automobile Club, opened at the armory yesterday and will continue until Saturday evening.

There are a large number of out-of-town visitors at the show but a much larger crowd is expected for Saturday. There are 25 cars occupying floor space. Two cars had not arrived yesterday, namely, the Velle and the Stutz, which came by road and did not arrive because of the conditions.

Selections from the latest musical comedies which are now playing in Boston and New York have been chosen for the musical program to be presented during the entire show.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore, irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle. This lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.—Adv.

LIGHTHOUSE KEEPER 48 YEARS.

W. F. Hill, Who Died March 19, Was Retired Jan. 31 on Pension.

Isle La Motte, March 28.—Wilbur F. Hill, a lifelong resident of this town, died March 19 of gangrene, caused by arterio sclerosis. Although he never sought or held public office, he had been lighthouse keeper of the only lighthouse on this island for nearly 48 years, and had been awarded both the inspector's and commissioner's pins for the excellent condition in which he kept the station. On Jan. 31, he was retired from active duties under the retirement law, which pensioners light keepers after 30 years' service. Owing to illness, he was permitted to remain at the light station up to the time of his death. For 38 years he had owned and operated the farm adjoining the lighthouse reservation.

USE "TIZ" FOR SORE, TIRED, ACHING FEET

No More Puffed-Up, Burning, Sweaty, Calloused Feet or Corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath. When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious: Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a 25-cent box of "Tiz" at any drug or department store—don't wait. Ah—how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Adv.

SUES RAILROADS AND BONDING DO.

United States Government Claims Violation of the 28-Hour Law

CANADIAN PACIFIC AND BOSTON & MAINE

Allegation Made That Animals Were Confined Without Proper Care

Burlington, March 28.—Several important suits have been filed by United States Attorney Bullard in the federal court here, for the district of Vermont, against different corporations; one against the Canadian Pacific railway, one against the Boston & Maine railroad and another against the Chicago Bonding & Surety company of Chicago.

The suits against the railroad companies are for an alleged violation of what is known as the 28-hour law, one offense being charged against the Canadian Pacific railway and eight offenses against the Boston & Maine railroad. The law known as the 28-hour law is for confining animals in the process of shipment more than 28 hours without proper food, water and rest. The amount claimed from the Canadian Pacific is \$500, while the claim against the Boston & Maine amounts to \$4,000, the maximum penalty for each offense being \$500. J. H. Hustis of Boston, receiver of the Boston & Maine railroad, is made a party defendant with the railroad company for alleged violation of the 28-hour law above mentioned. Hustis being receiver of this railroad at the time the alleged violations took place.

The suit against the Chicago Bonding & Surety company grows out of an alleged neglect of duty on the part of the postmaster at Gayville, bonded by the company before mentioned.

FOOD DISTRESSED WOMAN UNTIL SHE FOUND THIS TONIC

Vermont Resident Corrects Nervous Trouble and Sleeplessness by Building Up Thin Blood.

If you have suffered day and night from stomach trouble you know how rapidly it reduces your strength and lowers your resistance. You can't eat the food that the body needs and what little you force yourself to consume causes such distress that the sleep is broken and unrefreshing. Ambitious, active and energetic men and women thus become weak, pale, nervous and melancholy.

The stomach requires an abundant supply of rich, red blood to assist in the digestive processes and when the blood loses tone it is generally the digestion that first suffers. Much of the stomach trouble and nervous indigestion is directly attributable to weak, debilitated blood and is often immediately benefited by the tonic treatment. One of many examples of the correction of stomach trouble by building up the blood is the case of Mrs. William Milne, of No. 10 Maple avenue, Barre, Vermont.

"I had suffered steadily from indigestion for several years," says Mrs. Milne, "and though I tried many remedies none seemed to give more than temporary relief. Even a cup of tea and a piece of bread caused such acute pain that I was awakened at night and would toss for hours in misery. The stomach pains were accompanied by severe headaches."

"When it seemed as though nothing would relieve the attacks of indigestion I learned of Dr. Williams' Pink Pills through a newspaper and decided to give them a trial. In ten days, after I had taken one box, there was such a decided improvement in my condition, that I continued the treatment. My stomach is so much stronger now that I can eat almost anything with relish without any after-pains. The headaches too have practically disappeared and I feel better than I have for years."

Dr. Williams' Pink Pills build up the blood. When they do this they tone up every nerve in the body. They drive out of the blood the poison that causes rheumatism. They strengthen the stomach and make digestion thorough and comfortable.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for the free booklet, "Building Up the Blood."—Adv.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lowell, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much," during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

CHARGED WITH SMUGGLING.

Trainmen on Freight Running from St. John to Town Officers.

St. Albans, March 28.—J. A. Lynch, Robert H. Cullen and Arnold McConnell, engineer, fireman and forward brakeman on the way freight from St. John to St.

Albans, were taken from the train at this city Tuesday night by the customs officials, charged with smuggling intoxicating liquor into St. Albans. All three men were from this city. A large quantity of liquor was seized. The same day they were brought before the proper authorities and bail in each case was fixed in the sum of \$200 and was furnished. The men will be tried at the May term.

The customs officials stated that it had been known for some time that liquor was being smuggled into St. Albans, and that the arrest of the men was the beginning of an effort to prevent it in the future.
